§9–1401.

(a) In this subtitle the following words have the meanings indicated.

(b) (1) “Innovative and alternative septic system” means any new, experimental, or nonconventional technology that is added to or used in place of a conventional septic or other on-site sewerage system.

(2) “Innovative and alternative septic system” includes but is not limited to:

(i) A sand mound septic system;

(ii) A septic tank-sewerage evapotranspiration system that is powered by solar energy;

(iii) A septic tank-filter cloth trench system; and

(iv) Any other innovative on-site sewerage disposal technology that is developed in the future.

(c) “Program” means the Innovative and Alternative Septic System Grant Program.
